Shemogah Town. Receipts.

2 Last year, a Sum of Rs 2000 was allotted from the Relief grant for certain relief Works, in the Chief Commissioner's Proceedings noted in the margin. Excluding this, the estimated income, together with the Cash balances of 1876-77, was Rs 15,540, and the estimate of the current year is Rs 12768, or Rs 2,772 less than that of last year. The decrease under "Octroi" is Rs 366 the cause of

which has not been explained. What under "House Tax" is £548 and under "Tax on Professions £1848 It is stated that the balance of "House Tax" and Inhabitants for 1875 76 was included in the receipts for 1876-77 and is now excluded from the income of 1877-78; hence the decrease in the present estimates.

3. The estimated charges under Collection and Cotton are the same as last year The increase of £90 under Head Offices is owing to the proportionate salary of the Clerk in the Dy Accts General Office has been transferred from Miscellaneous to this head There is a decrease of £440 under

Expenditure

under "Conservancy" for which no explanation has been furnished.

4 The provision under Public works is Rs 3274 against Rs 5548 of previous year. It includes Rs 1325 for original works and Rs 2399 for repairs, as shewn in the margen. With his letters nos 22/3, 50/10, 88/5 and 103/18 of the 11th, 21st, 28th April and 3rd May 1877 respectively, the Commissioner has submitted certain re appropriation Statements and notifications of Sanction. 6. With regard to the other Municipalities, there is a falling off under "House tax" at Chennagere & Byrapatty, and under "Octroi" at Theerthahally. The expenditure has been restricted to the ordinary income, and the outlay proposed to be incurred on "Public Works" is considerably less than that of last year. The principal works provided for are specified in the margin.

9. After providing for Head office establishment & miscellaneous charges, the amount available for expenditure on Public works is ₹ 7500.

In the Budget of last Year, a provision of ₹ 12000 was made under "Original works" for constructing steps to the Varada River. The estimate for this work was sanctioned on 9th April 1877, after

after the receipt of
the current year's Budget
in this office. The
desirability of carrying
out the work is urged
by the Asst Commissioner,
Sagar Sub-Division, in his
letter No: 184 of 25/3/77.
But the Budget grant
of last year has
lapsed; and there
are no funds this
year. The Asst Comm^r
states that the ex-
expenditure though
large would, if met
from the cash balances
that have year by year
been allowed to ~~accrue~~
accumulate, not
interfere with the
current Expenditure.
In his subsequent
Communication No $\frac{30}{4}$ of
16/4/77, the Comm^r
state that the
Shimoga

Shimoga DC (Commissioner) has requested the Asst. Commr. to carry out the work to the extent of Rs 600, the appropriation required for the past Official year. The estimate may be returned sanctioned, and a Sum of Rs 600 entered under original works in lieu of ~~Rs~~ 300 provided for a road work which may be postponed. That would reduce the estimated cash balance to Rs 134.

10 The revenue of the Municipality, including previous year cash balance is estimated at ~~Rs~~ 2,328 as against ~~Rs~~ 3405 of last year. The chief item of decrease is 'Octroi'. There is under House tax

Municipality

on

an increase of Rs 48 over last year's Estimate The estimates under the other heads of income exhibit a slight decrease, but may be passed, as they are apparently based on the actuals of 1875-76, and of the first five months of 1876-77 The several items of Expenditure call for no special remarks.

Memorandum on the Municipal Budget Statement of the Chitaldroog District for 1877-7

Chitaldroog Town. The Income is Estimated at about the same figure as in 1876-77. Out of the Surplus remaining after providing for permanent Establishments, the Construction of a drain at a cost of Rs 1,300 and several other petty works have been provided for

Davengere Town. The Expenditure Exceeds the current income of the Municipality - although it is probable that the Estimated realizations from Octroi may fall short of the Estimate. The remedy, however, lies in one or other of the public works provided being deferred till funds become available

Harihar Town. This does not call for remark.

W. Lewin

Dy Commissioner
Nagar Division

Report on the Budget Statement No. I Darrangpur Town for the years 1877-1878.

7

1. The total Receipts from all items of the year 1877-78, together with the balance calculated to remain at the close of the current Official year, are Rs 4401 or Rs 968 more than the gross Income of the current year.

2. The increase of Rs 1696 of the estimated Income of the year under report, over the estimated income of the current year, may briefly be accounted for as follows.—

Octroi — The right of collecting duty on Octroi, as usual, was, in the beginning of the current year, put to sale by public auction when a large number of Bidders had collected. There was a brisk Competition and consequently, instead of Rs 1000 which had been anticipated when the current year's Budget was prepared the actual bid for the current yr.

was Rs 1545. It is to
be all probability, the same Competition
will continue in the year 1877-1878
hence Rs 1500 have been entered under
this Head.

House Tax — By the revised rate at
Re 1 per cent on the value of the Houses,
the ~~[illegible]~~ estimated amount under
this Head has become Rs 2213.

3. Deducting Establishment charges of
Rs 1778 mentioned in the Budget
Statement No I(a), there remains
only Rs 2496, at the disposal of the
Municipality. This amount, it is
proposed to utilize on the following
Original and Repair Works.—

Original Works.

1. Rs 1000 for the Construction
of Drains.
2. Rs 375 for the Construction
of Privy Bones.
3. Rs 319 for the Construction
of Latrines.
4. Rs 122 to fill up pits in the
town.

Repairs—

1. Rs 500 for the Annual Maintenance of Roads and Drains.
2. Rs 50 for the repairs of Pound.

Shimoga 21st February 1877

Memorandum on the Immemorial Budget statements of the Shimoga District for the year 1877-78.

[illegible]

II The total receipts for the town of Shimoga is estimated at Rs 12,350 a round sum which exceeds the estimated Income for 1876-77 by Rs 2,772. This falling off is chiefly under the heads Octroi Immovable House Tax and Inhabitants. The decrease under Octroi is comparatively small and has not been remarked upon, but that under the two other heads is due to the uncollected Balances of House Tax and Inhabitants for 1875-76 being included in Receipts for 1876-77 and excluded from the Income for 1877-78. The figures Rs 2,000/- and 500/- under 'House Tax' and "Inhabitants" respectively are

are understood to be the estimated Income for 1877-78 exclusive of all arrears. The Receipts from the other heads for 1876-77 and 1877-78 are nearly equal - The aggregate income from the remaining Municipalities is estimated at only a little more than a half of the Income from the town of Shimoga alone, and falls short of the current years estimate by nearly Rs 900/- The difference is mainly attributable to the falling off under Municipal "House Tax" at Channagiri Tyamty and Seenthalli. The items of Revenue and the probable statement of charges under the various heads in the receipts of Public Works do not call for remark.

In the expenditure on ordinary and extraordinary Public Works are nearly the same as the estimated charges for the same for 1876-77 owing evidently to want of funds. The only important works intended to be carried out in the District are:-

I Improvements to the market at Shimoga — Rs 000/-

II Constructing Rubbish cisterns at do Rs 375/-

III Constructing a Bridge at — do - Rs 250/-

3. The Estimated receipts for the year 1877-78 Exclusive of the sum of Rs 1000 obtained in the current year as a Special grant from the Local funds general amount to Rs 6400 or Rs 207 less than the current years receipts The decrease is chiefly owing to the smallness of the amount Estimated under the head of Receipts from Cattle pounds, on account of the large number of casualities that have occurred and will occur owing to the adversity of the season.

4. Deducting the permanent Establishment charges which amount to Rs 3816 as per details mentioned in the accompanying Statement there remains only a Small balance Viz Rs 2400 from the anticipated Income. It is

I Original works

(a) The construction of a market for which provision has been made in the previous year's budget, but for the present postponed, and provision has made instead for the completion of the drains in the Town. A sum of Rs 1300 has been provided for this purpose.

(b) Rs 50 have been provided for the construction of Privat boxes, the present number being found small.

(c) The existing number of lamp-posts is not sufficient for the requirements of the town and Rs 50 have therefore been provided.

II Repairs.

(a) Rs 500 for the annual maintenance of Roads and Drains.

(b) Rs 50 for the Repairs of Karanji tunnels and Karanjis.

(c) Rs 50 for char. Honda or fresh water reservoir

(d) Rs 200 for repairing Land-dam constructed in 1874-75 above Honda.
